October 21, 1925.

Mr. Hardy R. Collier,
Route 4,
Goldthwaite, Texas.
Mills County.

Dear Hardy:

I had forwarded to you last week immediately after I arrived home, a floral offering made from flowers out of our own gardens, which I trust reached you in good condition. I likewise sent you a copy of telegram by mail, special delivery, which I trust reached you promptly and gave you ample notice to get the flowers. The flowers went forward at the same time by express with all charges paid. If the express company made any claims for your express, notify me in order that I may have the error corrected. Through confusions here with the Telegraph Operator, it afterwards developed that the telegram did not go forward, however I trust that the mail notice was sufficient.

I am liable to get off to Texas around November 7 or 8 for about ten days. I think I will go from Atlanta to Memphis---- from Memphis to Little Rock----Little Rock to Oklahoma City and then to Armarello and then down to Dallas. I have some relatives on the Greene side at Douglasville, Tyler, Mount Pleasant and I have relatives on the Collier side at Mineral Wells, some of the fathers name was R. O. Jackson.

I am making this trip with a double purpose---one to see the country and the other to make a personal acquaintance of all of you, if possible to do so.

It will be impossible to give exact dates now, but I will have to base my schedule on telegraph notice. I presume you use Goldthwaite as a railroad station. I don't know just now how I will reach your town, this will have to be worked out a little later, as railroad maps do not always give you the information desired.

I have been doing my best to locate Cousin Molly, all letters for the last three or four months were returned to me. She wrote me that she was going to Cammeron, but I have heard nothing from her since. Do you know just where J.J. Collier went to after he left Corpus Cristi and Waco?

With kindest regards, Iam,

Very sincerely,

J.C.Collier.
